

**Quantum Angel Healing:
Energy Therapy and Communication with Angels**

What if you could combine New Era quantum energy healing techniques with the unlimited healing power of the angels?

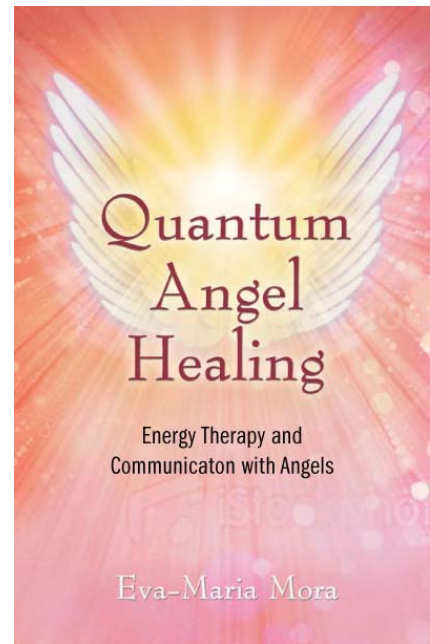

Coming to America for the very first time, the international Random House bestseller ***Quantum Angel Healing: Energy Therapy and Communication with Angels*** by world renowned clairvoyant medical intuitive Eva-Maria Mora takes advanced healing to a higher power...the angelic realm.

This highly practical book integrates the newest modern concepts in quantum physics with the ancient practice of calling upon benevolent helpers from unseen dimensions.

Mora has been teaching ***Quantum Angel Healing*** around the world in hugely popular workshops. But it all started when this international management consultant, training executives in Fortune 500 companies, was handed a death sentence by her doctors just months after her son was born. Praying for guidance and support, she was visited by an angel, pointing the way to the spiritual transformation that saved her life and opening her ongoing communications with beings from beyond this dimension.

It was this experience that propelled the German-born Mora into a new career as a world renowned clairvoyant medical intuitive and spiritual teacher with a background in psychotherapy. She has been living in the U.S. since 2000, but because of the demands of her huge popularity in Europe, she is only now able to introduce her internationally acclaimed ***Quantum Angel Healing*** book to the North American market.

Quantum Angel Healing applies fundamental concepts of quantum physics to perform healing--either hands on or distance—and employs diagnostic intuition, clairvoyance, telepathy, energy healing, prayer and direct communication with non-physical beings to impact mental, physical and spiritual health and wellness.

Whether suffering from a chronic physical ailment or other imbalance, the *Quantum Angel Healing* method utilizes a higher source of energy to effectively transform any negative emotions, thoughts, patterns and programs that underlie our ill health. Along with tools for overcoming negative energy, *Quantum Angel Healing* provides readers with a comprehensive list of illnesses and their emotional counterparts, along with a step-by-step treatment method.

“All humans have an internal ‘Angel Receiver,’ which they can turn on to hear, feel, smell, see or become aware of angels around them,” says Mora, also the author of the bestsellers *Quantum Angel Love* (2007), *Quantum Angel Children* (2008) and *Activating Divine Power* (2009). “The angels are committed to help and support you at any given time.”

Quantum Angel Healing: Energy Therapy and Communication with Angels covers topics such as:

- How to determine what “program” or “script” is running your life and allowing for imbalance or illness to occur
- How to heal and delete your harmful “programs”
- What healing formulas are best to address specific ailments
- What angels are best suited to resolving specific conditions
- How to eradicate unwanted and unresolved emotions from your life
- What are the energy techniques for cleansing home and work environment
- How to spot everyday messages from angels that seek to support us
- What are the best techniques for engaging angel communication and directing support
- How to cleanse and prepare the body for Quantum Angel Healing

Quantum Angel Healing: Energy Therapy and Communication with Angels, (\$16.95) is available on Amazon.com, www.quantumangel.com and in select book stores. The book is also available on Mora’s Quantum Angel Blog: www.quantumtangelblog.com

Eva-Maria Mora
Author of *Quantum Angel Healing:*
Energy Therapy and Communication with Angels

Eva-Maria Mora was your typical successful, busy executive when her life took a complete, astonishing and life-saving U-turn.

After attaining her MBA and Master of American Studies from the University of Kassel in Germany, Mora went on to be a top-management consultant on international assignment for the largest European consulting group, where she interviewed and trained thousands of executives in leading Fortune 500 companies.

But her life changed forever when doctors delivered a shocking diagnosis to her six months after the birth of her son: she only had a few weeks to live. As she prayed for guidance and support, Mora experienced a spiritual reawakening when she was visited by an angel. She began communicating with angels regularly and gained a new perspective on why people get sick, how they can heal themselves and how they can find their life's true purpose.

It was this experience that propelled the German-born Mora into a new career as a world renowned clairvoyant medical intuitive and spiritual teacher.

Inspired from her near-death experience and dedicated to healing, Mora earned her license as a healing practitioner in psychotherapy and left her life in Germany for the United States in 2000. She became one of the first Quantum Touch instructors in the U.S. before integrating what she had discovered about the spiritual realm and developing her own Quantum Angel Healing technique.

Now the founder of the Quantum-Angel-Healing® method, she is sharing the wisdom that saved her life--and provided relief from pain, suffering, depression and illness for countless others--in her new book, ***Quantum Angel Healing: Energy Therapy and Communication with Angels***. The book-- which was originally a sensational European bestseller published by Random House and now available in the U.S. for the first time-- reveals how to restore health and balance to your life and the lives of others through connecting and communicating with angels.

In ***Quantum Angel Healing***, Mora provides tools for working with the unseen world to accelerate healing and life transformation. In addition to spiritual exercises and an explanation of the healing process, the book also provides a 70-page list of illnesses and symptoms along with the corresponding Quantum Angel Healing treatment.

Mora currently divides her time between Germany and Scottsdale, Arizona. She is the founder of Children of the Light, a charity organization in Germany supporting children with ADHD. She is also the author of *Quantum Angel Love* (2007), *Quantum Angel Children* (2008) and *Activating Your Divine Power* (2009). Mora lectures and hosts workshops based on Quantum Angel Healing worldwide with her husband, Michael.
